A GLOBAL CONVERGENCE COMPANY

Our Mission

NetLink Technologies is dedicated to being the single-source solutions provider of network equipment and services to IT professionals on the web. Our certified sales and support specialists create business partnerships to enable growth and profitability for both our customers and ourselves.

NetLink Solutions

NetLink works with customers to understand each unique requirement in order to apply our sales and technical expertise in network applications topology, connectivity and interoperability. NetLink then provides customers with the most appropriate solution to resolve sophisticated networking requirements.

NetLink is experienced in Wireless solutions from a simple, single unit access point to complex mesh networks, and has deployed point-to-point and point-to-multipoint wireless solutions from multiple manufactures that support an array of frequencies and bandwidths. Experienced in path calculations and equipment selection, NetLink can provide the proper equipment to meet your throughput and budget specifications.

It's Easy to Do Business with NetLink

NetLink maintains a sales staff from 8:30 a.m. to 8:30 p.m. eastern to serve customer needs on both the east and west coast. Service and support representatives are available by appointment around the clock. And when it comes to quality, customers recognize that the products NetLink represents come from the industry's leading equipment manufacturers, acclaimed for reliability, cost-efficiency, and investment protection.

Powerful Systems – Powerful Knowledge Base

- ◆ Real-time eCommerce enabled website allows 24x7 global access to NetLink customers for ordering and tracking.
- ◆ NetLink customers can register to shop securely online for products of choice. Items can be purchased with a credit card – or on terms when you establish a terms account with NetLink.
- ◆ NetLink offers both new and refurbished equipment. NetLink's system engineering and test facility helps to ensure the reliability and quality of refurbished equipment. All NetLink refurbished equipment comes with a one year limited warranty.
